2. Product name	Home Equity Loan	
3. Loan Type	Loan secured with mortgage of a real estate	
4. Purpose of product	The aim of the Home Equity Loans is to fulfill the personal needs of the clients, for: loan for buying professional equipment, House furniture, Education, Health, Vacation, purchase of a used car, the buying of a debt from other banks ore other purposes declared that aren't in contradictions with the bank credit policies. From this product can profit not only individuals but the self- employed professional (doctors, dentist, druggist, lawyers etc) as well.	
5. Product description	This product will be used for the purpose foresight in point 2 and as guarantee the bank will ask mortgage of a real estate. The appraisal report of the mortgage will be prepared by independent appraisal authorized from the bank and this expense will be covered by the applicant. In any case the immediate liquidation value should cover the loan amount at 166%. The loan repayment will be performed by equal monthly installments (principal + interest) due to the repayment schedule and not as a lump sum payment at the end of the maturity. The bank may finance up to 100% of the expenses.	
6. Interest rate (shows interest rate type and duration of the define period)	 1-bill 1y +3.5% (not less than 5.8% after 24 months) The offered interest rate is changeable according to the change of 1-year T-Bills every 12 months of the loan. The applicant will be informed via phone calls, email or mail for any amendments or changes on loan terms and conditions. The customers may choose either to have a life insurance or to accept a higher interest rate. In case the customer chooses not to have a life insurance, options are: If the customer is up to 45 years old, interest rate of the loan will be 0.5% higher than the interest rate applied to respective category. If the customer is over 45 years old, interest rate of the loan will be 1% higher than the interest rate applied to respective category. In these cases the interest will change to: T-bill 1y +4 % (not less than 6.3% after 24 months) or T-bill 1y +4.5 % (not less than 6.8% after 24 months) 	
7. Effective interest rate	The effective interest rate (EIR) defines the total cost of the loan including interests, commissions and any other expenses that the customer will afford for	

	 the loan according to the conditions mentioned in loan agreement. In order to calculate EIR, in the total expenses amount are not included expenses that are unknown at the moment of EIR calculation, dues to be paid from the customer for not fulfilling the Loan Agreement conditions, expenses to be paid from the customer to third parties (for ex. Notary fees, Real Estate Registration Office fees, Pledge Register fees, based on specific documents) and any other general expenses raised for the registration and guarantees, expenses for the insurances and / or guarantees that are not obligatory, expenses from the commission applied on the unused loan amount and expenses from the commission applied for change of the contractual conditions. The EIR will be calculated assuming that: The Loan Agreement is valid for the set maturity Parties fulfill their duties according to the conditions and dates agreed in the Loan Agreement and The interest percentage and the other expenses included in the EIR calculation remain unchanged until the end of the Loan Agreement. The customer will be informed on the approximate value of EIR at the application moment and also on the exact value of EIR at the loan disbursement the applicant will be furnished with the Payment Plan Annex). After the loan disbursement the applicant will be furnished with the Payment Plan Annex where will be specified in percentage the Effective Interest Rate (EIR), referring to the base rate (1 year Treasury Bill) according to the market conditions at the loan disbursement moment.
